

ARTICULATE® 360 ONLINE TRAINING SYLLABUS

Held in our virtual classroom, this interactive, comprehensive two-session course provides everything you need to create compelling e-learning with Articulate® 360. You'll learn and build complete modules using Rise, as well as supplement these modules with additional content using the Articulate® 360 tools - Peek, and Replay. You'll learn which tool to use when, and walk away with a deeper understanding of the award-winning Articulate® suite of tools.

PARTICIPANTS

Training sessions are designed for a variety of skill levels. All participants should have basic computer skills and familiarity with some of the more common user interfaces (such as ribbon technology and browser windows).

Participants will be joining the session with GoToTraining. Please visit <https://support.logmeininc.com/gototraining/help/join-a-test-session-g2t060001> in order to test your system compatibility prior to the session. Microphones will be muted throughout the session, but questions can be asked via the chat feature in GoToTraining.

DURATION

4 hours of live instruction, divided into two sessions, 2 hours each session. Application exercises are assigned as homework at the end of each session and online solution sets are provided.
