

RISE 360+ ONLINE TRAINING SYLLABUS

Held in our virtual classroom, this interactive, comprehensive two-session course provides everything you need to create compelling e-learning with Rise 360. You'll learn and build complete modules using Rise 360, as well as supplement these modules with additional content using the Articulate® 360 tools - Content Library 360, Peek 360, and Replay 360. You'll learn which tool to use when, and walk away with a deeper understanding of the award-winning Articulate® suite of tools.

PARTICIPANTS

Training sessions are designed for a variety of skill levels. All participants should have basic computer skills and familiarity with some of the more common user interfaces (such as ribbon technology and browser windows).

Participants will be joining the session with GoToWebinar. Please visit <https://support.logmeininc.com/gotowebinar/system-check-attendee> in order to test your system compatibility prior to the session. Microphones will be muted throughout the session, but questions can be asked via the question pod in GoToWebinar.

DURATION

4 hours of live instruction, divided into two sessions, 2 hours each session. Application exercises are assigned as homework at the end of each session and online solution sets are provided.
