

ARTICULATE® RISE 360+

ONLINE TRAINING SYLLABUS

articulāte

Held in our virtual classroom, this interactive, comprehensive 2-session course provides everything you need to create compelling e-Learning with Rise 360. You'll not only build complete courses using Rise 360, but also supplement them with additional content using the other Articulate® 360 tools: Content Library 360, Peek 360, and Replay 360. You'll learn which tool to use in what situation and walk away with a deeper understanding of the award-winning Articulate® 360 suite of tools.

Participants

Training sessions are designed for a variety of skill levels. All participants should have basic computer skills and familiarity with some of the more common user interfaces (such as ribbon technology and browser windows).

Training sessions are hosted on Zoom Webinar. **Please visit zoom.us/test in order to test your system compatibility prior to the session.**

Microphones are muted throughout the sessions; however, questions can be asked via the Q&A panel in Zoom Webinar which is moderated by experts on the Yukon Learning training team. All sessions end with a summary of homework assignment tasks for participants to apply the knowledge they learned following the session, as well as access to the session recording and email support mailbox.

System Requirements

A PC (or Mac with Windows) with an active Articulate® 360 subscription or trial installed.

For Windows users: articulate.com/support/article/Combined-Tech-Specs-for-All-Articulate-360-Apps

For Mac users: articulate.com/support/article/Articulate-360-FAQs-Working-on-a-Mac

Browser for Rise 360+ participants:

The latest version of Microsoft Edge, Google Chrome, Firefox, or Safari.
Internet Explorer 11 is not supported for authoring in Rise 360.

Duration

4 hours of live instruction, divided into two sessions, 2 hours each session. Application exercises are assigned as homework at the end of each session and online solution sets are provided.
