## ARTICULATE® RISE 360+ TRAINING SYLLABUS

This interactive, comprehensive one-day course provides everything you need to create compelling e-learning with Rise 360. You'll not only build complete courses using Rise 360, but also supplement them with additional content using the other Articulate® 360 tools: Content Library 360, Peek 360, and Replay 360. You'll learn which tool to use in what situation and walk away with a deeper understanding of the award-winning Articulate® 360 suite of tools.

### Participants

Training sessions are designed for a variety of skill levels. All participants should have basic computer skills and familiarity with some of the more common user interfaces (such as ribbon technology and browser windows).

Since the training is interactive and hands-on, **participants are required to bring a PC (or Mac with Windows) with an active Articulate® 360 subscription or trial installed.**

### System Requirements

**A PC (or Mac with Windows) with an active Articulate® 360 subscription or trial installed.**
