## ARTICULATE® STORYLINE 360 BASIC TRAINING SYLLABUS

This 2-day in-classroom training provides everything you need to begin building highly-interactive e-learning courses in Articulate® Storyline 360 that can then be published and delivered to meet a variety of needs and play on a variety of devices.

### Prerequisites

Training sessions are designed for a variety of skill levels. However, all participants should have basic computer skills and familiarity with some of the more common user interfaces (such as ribbon technology and browser windows). While no prior Storyline 360 knowledge is required, participants should open the software and take some time to become familiar with its layout prior to the first session.

### System Requirements

**A PC (or Mac with Windows) with an active Articulate® 360 subscription or trial installed.**

**For Windows users:** [articulate.com/support/article/Combined-Tech-Specs-for-All-Articulate-360-Apps](https://articulate.com/support/article/Combined-Tech-Specs-for-All-Articulate-360-Apps)

**For Mac users:** [articulate.com/support/article/Articulate-360-FAQs-Working-on-a-Mac](https://articulate.com/support/article/Articulate-360-FAQs-Working-on-a-Mac)

Please verify that you have the appropriate software installed and working properly on your computer before attendance. There is not adequate time to download and install software the day of training.

**NOTE:** Your computer will need to be able to wirelessly connect to the internet to access Content Library 360, Review 360, and certain features within Storyline 360.
